

THAT'S WHO WE ARE:

The OLBRICH Group, headquartered in Bocholt, with its business divisions OLBRICH GmbH, Polytype Converting® and R+S Automotive GmbH, is one of the world's leading manufacturers in the field of production machinery and equipment for the manufacture of web-shaped products, as well as in the field of machinery and tools for the production of interior and exterior components for the automotive industry.

As 'Hidden Champion' with around 800 employees worldwide, the Group places particular emphasis on sustainable manufacturing processes and markets throughout the value chain, which are reflected in our vision:

PASSION AND PERFORMANCE FOR A BETTER LIFE!
SAFE AND SMART – TOGETHER!

To reinforce our electrical engineering team in Bocholt, we are looking for a (n)

Electronics Technician (f/m/d)

Focus on operating technology

Your task:

You will be responsible for the construction, repair and maintenance of low-voltage electrical switchgear and for preparing electrical machine and system installations.

You take over the group management on the customer's site and are responsible for the execution of the pre-commissioning during the worldwide assembly activities.

You perform tests and inspections according to EN 60204-1 and DGUV regulation 3.

Your profile:

You have completed vocational training as an electronics technician or comparable training and already have several years of professional experience in the field of automation technology, machinery and plant engineering.

You have knowledge in the field of measurement and control technology as well as in drive technology and have already gained practical experience with pneumatic and hydraulic actuators.

You bring along a high willingness to travel, good English skills and an independent and structured way of working.

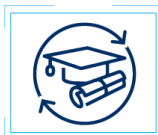

Your benefits:

Social
responsibility

Employee
discounts
